

AI Challenge Video Submission Guidelines

As part of your participation, each team is required to submit a 3–5 minute video highlighting your project. Please ensure your video includes the following components:

Team Members

- Introduce each team member by:
 - Name
 - Institution
 - Area of study (if applicable)

Project Title

- Clearly state your project's title at the beginning of the video.

Project Purpose & Description

- Briefly explain your project's main objective.
- Describe the problem or challenge your project addresses.
- Present your proposed solution or innovation.

Working Model or Demonstration

- Showcase a working model, prototype, or demo.
- Highlight key features and explain how it functions.

Video Length/Audio

- Must be between 3 to 5 minutes (Submissions outside this range will not be considered).
- Please record in a quiet, distraction-free environment.

Language & Presentation

- Videos may be submitted in English or Spanish.
- If a Spanish-language video is selected, the team must be prepared to present in English at the final event.
